STAFF

Bob Hickman
General Manager

Lynn Fiedler
Executive Director

Belinda Yancy
Skating Director

Muffin McMurrer
Kids on Ice Coordinator

The 2014-2015 winter season marked an exciting milestone for Nantucket Ice. The rink achieved a primary goal in January 2015 with the delivery of a shiny new state of the art Zamboni. The purchase of this equipment was vital to operations and its acquisition was made possible because of the generosity and support of our loyal patrons and donors. For that, we thank you.

During a winter fraught with snow storms, sub-freezing temperatures, high winds and plenty of inclement weather, what better place to hide out than Nantucket Ice. Once again the rink was a haven for kids and families looking for a place to celebrate winter on the island and escape the harsh outdoors. With Varsity Hockey Games, Public Skating Sessions, After School Skating, Learn to Skate Classes, Synchronized Skating, Figure Skating and plenty of Hockey, there seemed to be something for everyone.

Behind the scenes, the administration of Nantucket Ice is working diligently to see that the rink is operational, accessible and affordable. This is a many faceted task that involves planning and a vision towards seasons to come. Repairs and maintenance projects must be anticipated and scheduled in advance of any problems that may arise. Such projects along with rising utility costs can be expensive. This is where we ask for your financial help to make Nantucket Ice a rink that can move into a secure future.

We invite you to stop in to Nantucket Ice to cool off this summer. There are a multitude of activities on the schedule. We ask you to think about what your support means to the rink and more importantly what the rink means to you and to the people of Nantucket.

Please complete and return the donation card. We sincerely hope that you show your support of Nantucket Ice by making a 2015 tax deductible contribution to Nantucket's non-profit community rink.

Sincerely,

Kate Howard
President
